2022 NA USER MEETING BREAKOUT SESSIONS – Each attendee must select 3 *ASRT/ARRT credits offered*

1. **Breast Imaging*** – We will present the new Sectra Keypad and show how easy it is to configure and how efficient it is for mammography reading workflow. See the latest enhancements in our Breast Imaging portfolio including support for Whole Breast Ultrasound (ABUS, ABVS) and integrations with Breast AI applications. *Anna Naus, Lauren Burton*

2. **Cardiology Imaging*** – Quite a few Sectra customers have integrated cardiology into their enterprise imaging platform. Learn about our broad portfolio of advanced clinical tools, seamless consolidation of all cardiology imaging, and the future development of the product. *Björn Limber, Maria Lois*

3. **Digital Pathology Imaging*** – The adoption of digital pathology for primary diagnostics and consultation is increasing quickly and more and more Sectra customers are adding pathology into their enterprise imaging sphere. Learn about the realized benefits of primary diagnostics, integrated diagnostics, frozen sections, pathology second opinions, and running productive tumor board sessions. Review of the new 3.1 release and added functionality it offers. *Dave Boissonault*

4. **Display Protocol Changes*** – Sectra has taken customer feedback to redesign our DP's. Listen in as we explain our new methodology with Quick, Advanced, and Smart DP's. **DO NOT SELECT IF YOU ARE IN TRACK 3 WORKSTATION** - as it will be redundant. *Brian Batten, Jacob Bernhard*

5. **Ophthalmology Imaging*** – Learn about Sectra's new Ophthalmology module, and how eye care providers may enjoy a consolidated view of all their images and reports. *Pontus Svärd*

6. **Orthopedics Imaging*** – Learn how Sectra enables the orthopedic surgeon and MSK radiologist to reduce costs, increase efficiency, and improve patient outcomes. See the product suite consisting of 2D and 3D preoperative and planning tools used for joint replacement, trauma, spine, MSK specific measurements, implant analysis, and 3D printing. *Darrin McGuire*

7. **Radiology Imaging and Deep Dive of releases 23.2 & 24.1*** – Learn all about the latest releases and go in depth with the features and functions and key benefits for all users. *Lisa Lindfors/Monika Pellinen/Hans Lugnegård/Shannon Snedeker*

8. **Sectra Cloud Services & Microsoft Azure*** – Do a deep dive with Sectra and Microsoft on the benefits of moving enterprise imaging into the cloud. *Håkan Ritzén/Magnus Ranlöf*

9. **Workflow Orchestration & Enhancements*** – Review all the exciting changes to radiology workflow management, learn what is on the horizon, and study use cases of workflow orchestration at installed Sectra customer sites. *Petra Granlund/Ian Judd*

10. **Workstation demo with a Sectra software developer & product specialist** – Utilize the time with a solution specialist doing a hands-on demo on any of our product areas. *Solution Specialists/Sectra software developers*

11. **Sectra VNA and Enterprise Imaging*** – Listen in as our Global Product Manager for Enterprise Imaging displays the depth of functionality available in the Sectra VNA. Learn how end users can easily import and work with data from all image producing departments in the health system in one unified application. *Filip Klintenstedt, Viktor Holmgren*

12. **AI** – Radiologists will have a special session with *Nynke Breimer*, AI Global Product Manager.
